FREE SPINS

Triggered by landing three Scatters. Reels 2, 3, and 4 combine into a MEGA symbol, treating it as 9 symbols, excluding Thor's Hammer Coin symbol, which counts as one.

THOR'S HAMMER HOLD & WIN

Activated by landing six or more Thor's Hammer Coin or Thor's Hammer Magnet symbols. Available in both the Base and Free Spins games. Start with 3 spins, collecting 3 more on each respin that lands a Thor's Hammer Coin or Thor's Hammer Magnet symbols.

THOR'S HAMMER MAGNET

Collects the winnings around the magnet. After collecting the surrounding coins up to the maximum of 12, it turns into a static regular coin with its value being the sum of all collected coins.

MYSTERY WILD

Randomly appears on a non-winning round during Free Spins, increasing the wins in the round by 2x.

COINS OF THOR

Collect coins symbols into the coin pile. Randomly activates upon coin collection and rains down coins symbols on the reel. Guaranteed to activate the Thor's Hammer Hold & Win feature.

JACKPOTS

There are four Jackpots: Mini, Minor, Major, and MEGA.

The MEGA Jackpot appears when the entire board is filled with winning symbols.
