ELEMENTAL POWER

Unleash the powers of the four elements in this brand new Fantasma Games cluster win video slot!

In Elemento, winning clusters release elemental power, triggering a cascade and will either create a Wild Elemento feature symbol on the outer layer of the play area or activate any existing Elemento symbols that are part of the winning cluster and unleash its elemental feature. There are 4 types of Elemento symbols, Wind, Fire, Earth and Water, each with its own unique effect. By activating all four element features during a spin the Free Spins is unlocked! During the Free Spins, each win will add to an accumulative multiplier that lasts for the duration of the Free Spin. Retrigger is also possible by activating the 4 elements again during the Free Spins.

We hope you'll have fun, and wish you the best of luck in this brand new Fantasma slot that is as volatile as the raging elements and has a max potential of 16.000x the bet!
