Deep Under the dark earth, there lies a realm where all journeys end. Hades, a land of the dead where fires burn and lost souls roam!

In this 3-row, 5-reel slot game, it is your job to escape the underworld, but there are plenty of riches to be found. Wins pay both ways, so you don't need to leave empty handed. Winning symbols disappear and new symbols tumble down from the river above the reel. Special golden wild coin symbols may appear. Winning with a coin will release the soul within and is collected in a multiplier meter. The multiplier will multiply the total winnings of the entire spin. During Hades Free Spins it won't reset between spins and every soul is doubled.
