A NEW ADVENTURE

When the dragon was slain a new foe awakened, spreading terror across the land.

The full moon has just started to rise when three heroes approach the stairs to the old castle. Walls of stone loom high above the ground, whispers can be heard from the shadowy creaks and a foul stench of decay fills the air.

The archer puts an arrow to his bow, the wizard gathers her spells, and the warrior draws his sword. There is no turning back now. The evil that has awoken must be stopped before it's too late.

HEROES HUNT

The game features 3 unlockable heroes. Each hero has a corresponding feature: The Wizard - Explosion feature, The Warrior - Expanding Wild feature, The Archer - Respin feature.

EXPLOSION FEATURE

The Explosion symbol explodes, removing itself, non-winning regular symbols and Blocker symbols in one or two 2x2 area adjacent to the Explosion symbol or one 3x3 area around the Explosion symbol.

After the Explosion, one random regular symbol is selected and is spawned at all exploded positions.

EXPANDING WILD FEATURE

Each Expanding Wild symbol expands to cover the entire reel, removing all symbols above and under it.

Each Expanding Wild symbol also spawns one Wild symbol and places it at one random position.

After all Expanding Wild symbols expand, each Expanding Wild symbol gets a random multiplier between x2 and x6.

Expanding Wild symbols substitute for all paying symbols during win evaluation.

RESPIN FEATURE

Each Respin Symbol removes itself and 4-9 random non-winning regular symbols or Blocker Symbols. New symbols then fall in creating additional win opportunities.

The Respin feature also awards a multiplier to the Base Game round if it is activated in the Base Game or to one Free Spin if it is activated in the Vampire Free Spins.
