INTRODUCTION

The Riviera casino's many thrills and vices are known far and wide. And tonight it has attracted four dubious guests. Each of them unbeknownst to the others has the perfect heist all but planned out. Who can say how will this lawless night of gambling and madness end?

Riviera Stars' four clandestine yet colorful characters will join you as you play, appearing as high paying symbols on the reel. Every win results in a heart throbbing Respin session where all symbols that are not part of the win will be respun for new chances. This will continue until there eather are no more wins or the reel is full of only winning symbols!

Many dubious happenings will shortly take place as the night continues, but there can be only one star once the night is over! During any given spin in the base game, the Superstar may break its shackles and enter in on the action on the reel. It will act as a resistant Wild that will never disappear for as long as you keep winning. In the process, it will absorb any regular Wilds to increase its multiplier. Accumulate as much multiplier as possible before your third loss, whereupon the star will return to its original place.

Landing three Scatter symbols in a single spin will bust the casino's riches right open for your taking, granting 10 Free Spins with a guaranteed Superstar present that will last for the entire Free Spin. The Superstar can bee has grown just like in the base game but will now also move around on the reel changing position the wims of lady luck, or maybe on the behest of whoever is trying to rig the casino… Landing 3 additional Scatter symbols during a spin during a Free Spin will cause a retrigger granting an additional 10 Free Spins, which is extra valuable as the Superstar multiplier will only grow stronger and stronger!
