

GAME INFO

Game Name: Wild Empire - Rome

GameID: RomansLegionsOfGold

Release Date: 6th April 2021

Wild Empire - Rome is a high volatility, 6-reel videoslot with a 'ways pays' mechanic and a maximum win of over 26,500X.

Lead your legion into battle in the war to win big! The Roman legions are on the march, seeking epic wins and crates laden with golden plunder. This stunning and unique videoslot is feature-packed and guaranteed to deliver epic gaming experiences.

The reels can expand from the standard 1x2x3x4x5x2 'spearhead' configuration (240 ways)

to a blood-curdling 20,160 paying ways, as Roman battle shields are removed from the reelset to reveal symbols behind them.

Every spin can feature wilds and special expanding wilds, that grow to the full height of the reel to boost the number of potential winning ways.

Land 3 or more scatters to win 8, 12 or an all-conquering 16 free spins which is played on the full reelset (20,160 ways) and provides an ever-increasing opportunity for bigger and bigger wins with the Roman Wild conversion feature. As each spin starts any HP1 symbols become wilds on reel 2, then reel 3, carrying on until any HP1 symbols convert to wilds. Then it starts again, with reel 2 converting HP2 symbols to wilds and onwards until all reels that land a HP2 see them converted to wilds.

With a berserk number of enthralling features and wins big enough to build a Holy Empire with, you can rest assured that players will come away feeling like glorious victors after playing this game!
