All bets and payouts are in currency.

BONUS SPINS

Any combination of TOKEN symbols landing on the reels in the Base Game may award 3 BONUS SPINS. At the start of BONUS SPINS, 5 COIN symbols are placed on the screen and remain sticky for the duration of the feature. Each newly landed symbol resets the remaining spins to 3 and becomes sticky. Only COIN, MYSTERY, MYTHIC, TOKEN, and BLANK symbols can appear during BONUS SPINS. MYSTERY symbols can only appear while the MYSTERY BONUS is active. Multiplier Zones are added to the feature when the MULTIPLIER BONUS is active. Filling all positions within a Multiplier Zone multiplies the value of the COIN symbols in that zone by the displayed multiplier. If the EXTRA BONUS is active, landing a new symbol resets the remaining spins to 4 instead of 3. When the DOUBLE BONUS is active, each position can hold up to 2 COIN symbols. TOKEN symbols can trigger additional bonus features and may appear in different colors. If the MYSTERY BONUS is activated during BONUS SPINS, a MYSTERY symbol is added to the reels. If the MULTIPLIER BONUS is activated during BONUS SPINS, Multiplier Zones are added and an additional COIN symbol is placed on the reels. If the EXTRA BONUS is activated during BONUS SPINS, the remaining spins are increased to 4 and an additional COIN symbol is placed on the reels. If the DOUBLE BONUS is activated during BONUS SPINS, all current COIN and MYTHIC values are doubled. If the TOKEN symbols don't activate additional features, they will transform into a COIN symbol. The GRAND is awarded when all 15 positions are filled with symbols. BONUS SPINS are played using the same bet configuration as the spin that triggered the feature.
